

Abstract Submission for the 2018 Annual Meeting

Fribourg, August 30 to 31, 2018

Only online submission is possible.

Abstract submission for posters and papers will be initialized Friday, January 12, 2018.

Online Submission

- Abstracts must be submitted by Monday, April, 2018. No submission will be possible after 12 p.m. GMT +01:00 (midnight).

Link: sog-sso2018.congress-imk.ch

Important hints

- **New:** All abstracts have to be submitted in one language only (German, French, or English).
- Each abstract requires:
 - Title (please do not use capitals only, e.g. use «ERG in Glaucoma» instead of «ERG IN GLAUCOMA». Use American spelling and verify with the appropriate spell-check.)
 - A maximum of **2500** characters, including: Purpose, Methods, Results, and Conclusion.
 - Mentioning of all authors
 - Mentioning of all affiliations (corresponding company/institutions, department, location, and country)

Submitted abstracts will be received by the congress secretariat. You will receive an e-mail confirming the reception of your abstract. Peer review by the «comité de lecture» will take about six weeks. Subsequently, you will be informed by e-mail about acceptance and type of presentation (poster or paper).

Scheduling information will be published in the final program in ophta. Due to the complexity of the program planning process, any future changes in type, time, or location of presentation are practically impossible.

You may withdraw your abstract by notifying the congress organization.

No exclusion with regard to the topics addressed is projected but studies without direct clinical relevance are preferred for submission to the Swiss Eye Research Meeting and have a high probability to get acceptance for posters only at the SOG-SSO meeting.

A first author may only present twice!

Disclosure of financial interests and grants at the end of the abstract

- **Support** from a for-profit company or competing company
- **Personal investment** in a company or competing company (other than through a mutual or retirement fund)
- **Employment** by a company or competing company with business interest in the topic
- **Being a consultant** of a company or competing company with business interest in the topic
- **Inventor/Developer** of the topic or a competing topic
- **Travel Reimbursement**, gifts or honoraria of over \$3000 in the last twelve months by a company or competing company involved
- **None:** No commercial relationship

Disclose grants at the end of the abstract.

By submitting the abstract, the first author certifies that

- the material submitted has not been published previously,
- experimental investigations on human subjects have been reviewed by the local ethical committee and are in accordance with the tenets of the Declaration of Helsinki,
- animal studies comply with the «ARVO Statement for the Use of Animals in Ophthalmic and Vision Research»,
- each co-author is aware of the commercial relationships policy,
- relevant commercial relationships are disclosed at the end of the abstract.

The SSO and ophta reserve the right to publish accepted abstracts on their websites and in the journal «ophta».

Scientific Posters

- All posters will be displayed electronically on digital totems and must be submitted digitally.
- The poster dimensions are ISO A0 format: 118.9 centimeters high by 84.1 centimeters wide. As a guideline: the contents of the poster should not contain more than three pages of PDF or PPT with a font size of about 36-38. Please upload your poster on the following site: <http://sog.smar7.ch>. For any problems, contact the technical support.
- Posters uploaded until Friday, August 3, will automatically enter the SSO poster prize contest. Selected posters will be discussed in a poster session. If your poster has been selected for the poster session, a power point presentation with a maximum of 6 slides must be created. The winners will be announced during the congress. **The prizes will be delivered on Friday, August 31, 2018.**
- Financial interests must be disclosed below the title in legible characters. Failure to disclose financial interests on the poster may result in an exclusion from the program for two years.
- The presenting author has to register to the congress, otherwise the poster will be considered as withdrawn!
- Any withdrawal of a poster must be registered prior to the meeting with the congress secretariat or during the meeting not later than Thursday 09.00h at the information desk.
